

EDUCATION FOR YOUR COMMUNITY

Twin Cities Physicians is known for providing service-oriented primary care to residents of senior communities. Partnering with us also offers educational opportunities for your residents & their families, as well as Continued Education sessions for your staff and other healthcare professionals.

EDUCATION TOPICS

We offer a variety of interactive presentations to fit your educational needs. You can request specific topics, or choose from these example presentations:

- **Advanced Care Planning**
- **Signs of Elder Abuse**
- **Ethical Practices in Geriatrics**
- **Sexuality in Older Adults**
- **Confronting the Opioid Crisis**
- **Geriatric Pharmacology**
- **Seasonal Affective Disorder**
- **Pain Management in Older Adults**
- **Understanding Sleep**
- **Sundowning and Why It Occurs**

MEET & GREET

Our team is also happy to offer onsite Meet & Greet events to give residents and families a chance to get to know the providers working in your community. This is often a great time to ask our providers any pertinent questions about services provided by Twin Cities Physicians.

STAFF ENRICHMENT & TRAINING

We understand that your staff comes from all different backgrounds and experience levels. They often encounter challenging geriatric care issues in their day to day work. Let us provide some of the answers to their questions and help them provide the highest quality care through onsite training sessions including Continuing Education eligible topics for nurses and social workers.

For more information about these opportunities to enhance the health of your community, call us at **763-267-8701** or email us at info@mytcp.org
